Dear Josh,

Thank you for your kind response to my phone call in June. Unfortunately, our Health series at Beth Israel will be in October, and therefore, the February dates that you suggested didn't work out. It would be a delight for all of us to have you down here again, and I will work towards that goal. By the way, it appears that our rabbi, Sam Karff, remembers your family from its days in New Jersey.

✓ It turns out that I visit New York regularly as a member of the Scientific Advisory Committee of the Muscular Dystrophy Association. I will be in New York November 9-12. Would the late afternoons of November 10 and 11 or the morning of November 12 be open on your schedule? If so, I would greatly enjoy having the opportunity to chat with you.

With warm regards,

Sincerely yours,

Henry F. Epstein
Henry F. Epstein

HFE:mas

*Nov. 10 - OK - open from 2:00-01
" 11 - Held - Faculty Reception - 6:30
" 12 - A.M. - open from 9-12*
